

Privacy Policy

The Developers Agency built the Earthquake App as a free app. This SERVICE is provided by Earthquake App and is intended for use as is. This page is used to inform visitors regarding our policies with the collection, use, and disclosure of Personal Information if anyone decided to use our Service. If you choose to use our Service, then you agree to the collection and use of information in relation to this policy. The Personal Information that we collect is used for providing and improving the Service. We will not use or share your information with anyone except as described in this Privacy Policy. The terms used in this Privacy Policy have the same meanings as in our Terms and Conditions, which is accessible at Earthquake App, unless otherwise defined in this Privacy Policy.

Information Collection and Use

For a better experience, while using our Service, we may require you to provide us with certain personally identifiable information, including but not limited to [list the types of personal data you collect, such as name, email address, location data, etc.]. The information that we request will be retained by us and used as described in this privacy policy. The app does not use any third-party services that may collect information used to identify you.

Log Data

We want to inform you that whenever you use our Service, in case of an error in the app, we collect data and information (through third-party products) on your phone called Log Data. This Log Data may include information such as your device Internet Protocol ("IP") address, device name, operating system version, the configuration of the app when utilizing our Service, the time and date of your use of the Service, and other statistics.

Cookie Policy

Cookies are files with a small amount of data that are commonly used as anonymous unique identifiers. These are sent to your browser from the websites that you visit and are stored on your device's internal memory. This Service does not use these "cookies" explicitly. However, the app may use third-party code and libraries that use "cookies" to collect information and improve their services. You have the option to either accept or

refuse these cookies and know when a cookie is being sent to your device. If you choose to refuse our cookies, you may not be able to use some portions of this Service.

Cookie Consent and User Control

As per the Cookie Law and GDPR, explicit consent is required from users before storing cookies on their devices. This means that users must take clear affirmative action to accept cookies. Websites must also provide users with the possibility to withdraw their consent to use cookies at any time and to control their data collected via cookies

.
